Re: The Chemical Recovery Systems Site,
Elyria, Ohio
ODOT's Response to the General
Notice of Potential Liability and
Request for Information

Dear Ms. Sheppard-Johnson:

Enclosed please find The Ohio Department of Transportation's ("ODOT") response to the USEPA's Request for Information for the above captioned site. Please contact me if you have any questions. As stated in the response, ODOT intends to supplement its answers if and when new information becomes available.

Respectfully,

INFORMATION REQUEST TO OHIO DEPARTMENT OF TRANSPORTATION
FOR THE CHEMICAL RECOVERY SYSTEMS SITE, ELERIA, OHIO
(INFORMATION REQUEST)

1. Identify all persons consulted in the preparation of the answers to these questions.

ANSWER:

Attorney answering all questions:

Thomas P. Pannett, Assistant Attorney General
Ohio Attorney General's Office
Transportation Section
37 W. Broad St., 3rd Fl., Suite 350
Columbus, Oh 43215-4132
(614) 466-3036
Email: tpannett@ag.state.oh.us

****** See attached affidavit.

The following employees were interviewed in answering this response:

ODOT, Central Office (1980 W. Broad St., Cols., OH 43223) employees:

Larry Hoffman, Major/New Project Coordinator, Ofc. of Env. Services
Bob Tatman (Retired - R.D. Zande Co., Cols. OH), Former Facilities Manager
Dave Powers, Bituminous Engineer, Ofc. of Materials Mgmt. (1600 W. Broad
Street)
John Neenan, Materials Supervisor, Ofc. of Mat. Mgmt. (1600 W. Broad Street)
Jim Jenkins, Material Supervisor, Ofc. of Mat. Mgmt. (1600 W. Broad Street)
Mike Andrews, Hazardous Materials Mgr. (1600 W. Broad Street)

ODOT DISTRICT-3 (906 N. Clark St. Ashland, OH, 44805) employees:

James D. Mawhorr, Highway Mgmt. Administrator
John Adamski, District Test Lab Engineer
Brian Hickey, Test Lab Supervisor
Ed Grindle (Retired - 129 Ferrell, Ashland, OH 44805), Former Test Lab
Engineer

**ODOT DISTRICT-12 (5500 Transportation Blvd., Garfield Hts., OH, 44125)
employees:**

Ginger Cox, District Engineer of Tests
Nader Armand, Assist. District Engineer of Tests
Sal Battaglia, Tech. Specialist
Dave Ray, HMA
Dave Hering (Retired - Allega Cement Contractors) former Dist. Eng. of Tests

2. Identify all documents consulted, examined, or referred to in the preparation of the answers to these questions and provide copies of all such documents.

ANSWER:

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: construction plans- infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

Based on current information, ODOT cannot rule out or verify that the following facilities generated waste that went to the Chemical Recovery Systems site: District 3's Garage, Lorain County Garage, Medina County Garage, Erie County Garage, Huron County Garage, Wayne County Garage, and Ashland County Garage; Richland County Garage; Crawford County Garage, Cuyahoga County Garages; and District 12's Garage.

After efforts to locate and interview key employees, ODOT has no information, knowledge, or reason to believe that such activities occurred.

ODOT DISTRICT-3:

Hazardous waste manifest on file at the District Ofc., 906 N. Clark Street, Ashland, OH 44805. Dates from 1987 to present. Prior to 1987 Trichloroethylene was sent to ODOT's Central Office Test Lab in Columbus, OH (1600 W. Broad Street).

ODOT DISTRICT-12:

Invoices and manifests for hazardous wastes. The earliest document date is 01/05/87 and the most recent is 08/25/00.

ODOT, Central Office (1980 W. Broad St., Cols., OH 43223):

The only documents that could be found which are close to the relevant time period are enclosed. Said documents are dated 1983 and 1984, respectively. No documents could be found prior to these dates (see explanation of document retention policy above).

If additional information is found, ODOT will supplement this answer.

3. If you have reason to believe that there may be persons able to provide a more detailed or complete response to any question or who may be able to provide additional responsive documents, identify such persons.

ANSWER: NONE

4. List the EPA Identification Numbers for the Respondent.

ANSWER:

ODOT CENTRAL OFFICE TEST LABS:

OH 0980586010

ODOT DISTRICT-3:

OHD 097 610 240
OHD 097 049 608
OHP 247 066 582

ODOT DISTRICT-12:

OHD 107831125} 1987 to present
OHD 982617110} " "
OHD 986970523} " "
OHD 987056165} " "

5. Identify the acts or omissions of any person, other than your employees, contractors, or agents, that may have caused the release or threat of release of hazardous substances, pollutants, or contaminants and damages resulting therefrom at the CRS Site.

ANSWER:

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: Construction plans- infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

Based on current information, ODOT cannot rule out or verify that the following facilities generated waste that went to the Chemical Recovery Systems site: District 3's Garage, Lorain County Garage, Medina County Garage, Erie County Garage, Huron County Garage, Wayne County Garage, and Ashland County Garage; Richland County Garage; Crawford County Garage, Cuyahoga County Garages; and District 12's Garage.

After efforts to locate and interview key employees, ODOT has no information, knowledge, or reason to believe that such activities occurred. If additional information is found, ODOT will supplement this answer.

6. Identify all persons including respondent's employees, who have knowledge or information about the generation, use, treatment, storage, disposal, or other handling of material at or transportation of materials to the Site (operating as Obitts Chemical Company or Chemical Recovery Systems, Inc., at 142 Locust Street, Elyria, Ohio).

ANSWER:

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: Construction plans- infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

Based on current information, ODOT cannot rule out or verify that the following facilities generated waste that went to the Chemical Recovery Systems site: District 3's Garage, Lorain County Garage, Medina County Garage, Erie County Garage, Huron County Garage, Wayne County Garage, and Ashland County Garage; Richland County Garage; Crawford County Garage, Cuyahoga County Garages; and District 12's Garage.

After efforts to locate and interview key employees, ODOT has no information, knowledge, or reason to believe that such activities occurred. If additional information is found, ODOT will supplement this answer.

7. Describe all arrangements that Respondent may have or may have had with each of the following companies and persons:

ANSWER (a-o):

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: Construction plans- infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

After efforts to locate and interview key employees, ODOT has no information, knowledge, or reason to believe that such arrangements occurred. If additional information is found, ODOT will supplement this answer.

8. Set forth the dates during which the Respondent engaged in any of the following activities:

ANSWER (a-b):

All employees listed in response number 1 were questioned and provided information relevant to this response.

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: construction plans- infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

After efforts to locate and interview key employees, ODOT has no information, knowledge, or reason to believe that such activities occurred.

Based on current information, ODOT cannot rule out or verify that the following facilities generated waste that went to the Chemical Recovery Systems site: District 3's Garage, Lorain County Garage, Medina County Garage, Erie County Garage, Huron County Garage, Wayne County Garage, and Ashland County Garage; Richland County Garage; Crawford County Garage, Cuyahoga County Garages; and District 12's Garage.

9. Identify all persons, including yourself, who may have arranged for disposal or treatment, or arranged for transportation for disposal or treatment, of materials, including, but not limited to, hazardous substances, at the CRS Site. In addition, identify the following:

ANSWER (a-p):

All employees listed in response number 1 were questioned and provided information relevant to this response.

Due to records retention policies and lack of hazardous waste regulations during the relevant time period, any information must be based on employees' memories. In addition to the State of Ohio's General Retention Schedule, ODOT uses the following records retention time lines: Construction plans - infinite retention, construction contracts- 10 years, daily construction records- 3 years, central personnel records- 30 years after employment termination, and district personnel records- 2 years after inactive status begins. Personnel records are organized in alphabetical order by employee. They are not categorized in terms of division or office. Determining what employees worked in certain offices during a certain time frame is extremely difficult. Thus, information regarding employee identification must be based primarily on employees' memories.

After efforts to locate and interview key employees, ODOT has no information,

knowledge, or reason to believe that such activities occurred.

Based on current information, ODOT cannot rule out or verify that the following facilities generated waste that went to the Chemical Recovery Systems site: District 3's Garage, Lorain County Garage, Medina County Garage, Erie County Garage, Huron County Garage, Wayne County Garage, and Ashland County Garage; Richland County Garage; Crawford County Garage, Cuyahoga County Garages; and District 12's Garage.

10. Identify all liability insurance policies held by Respondent from 1960 to the present. In identifying such policies, state the name and address of each insurer and of the insured, the amount of coverage under each policy, the commencement and expiration dates for each policy, whether or not the policy contains a "pollution exclusion" clause, and whether the policy contains a "pollution exclusion" clause, and whether the policy covers or excludes sudden, non-sudden, or both types of accidents. In lieu of providing this information, you may submit complete copies of all relevant insurance policies.

ANSWER:

ODOT is an agency of the State of Ohio. Any liability will be satisfied from the State treasury. Subject to this, ODOT answers None.

11. Provide copies of all income tax returns, including all supporting schedules, sent to the Federal Internal Revenue Service in the last five years.

ANSWER:

ODOT is an agency of the State of Ohio. Any liability will be satisfied from the State treasury. Subject to this, ODOT answers no returns, etc. are available.

12. If Respondent is a Corporation, respond to the following requests:

ANSWER (a-d):

ODOT is an agency of the State of Ohio and not a Corporation.

13. If Respondent is a Partnership, respond to the following requests:

ANSWER (a-d):

ODOT is an agency of the State of Ohio and not a Partnership.

14. If Respondent is a Trust, respond to the following requests:

ANSWER (a-c):

ODOT is an agency of the State of Ohio and not a Trust.

CERTIFICATION

The undersigned hereby certifies under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted.

Based on my inquiry of the person or persons who manage the relative systems, or those persons directly responsible for gathering the respective information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

QUESTION #2**

Re: U.S. EPA No. OHD980586010
Franklin County

Mr. Ken Corns
Ohio Department of Transportation
1600 West Broad Street
Columbus, Ohio 43223

March 8, 1983

Dear Mr. Corns:

I visited the Ohio Department of Transportation on March 4, 1983, to discuss what efforts have been made toward compliance with the Federal and State Hazardous Waste Regulations. You told me several things had been done:

1. The drum labels are on order and will be received the week of March 7.
2. You will be receiving bid from waste reproprocessors by the week of March 7 and the drums will be removed and shipped to the recycler by the end of June, 1983.
3. A modification of the Part A Permit has been submitted to the Ohio E.P.A. to correct the Hazardous Waste Codes.
4. Also, you are revising the Contingency Plan and Safety Training Program.

After the present accumulation of waste is off-site, this facility will be considered a Generator only and subject to 40 CFR 262 and 40 CFR 265, Subpart C and D of the Federal Regulations. Please call me at (614-864-3195) if you have any questions.

Sincerely,

A handwritten signature in cursive script, reading "Debbie Unger", is written over the typed name.

Ms. Debbie Unger
Division of Hazardous Materials Management
Central District Office
2244-46 S. Hamilton Road
Columbus, Ohio 43227-4396

Dear Ms. Unger:

As noted in your letter of January 21, 1983, a recent inspection of our facility by your office revealed several deficiencies in our hazardous waste handling procedures. In an effort to remedy this situation and bring our procedures into compliance with applicable rules and regulations of the U.S. and Ohio E.P.A., we intend to:

- 1) Submit to the Ohio E.P.A. a corrected Part A Permit Modification to alter our status to "generator-only".
- 2) Enter into contract with an approved waste handling facility to recycle all waste material presently stored at our facility.
- 3) Amend any future contract in such a manner as to assure no accumulation of material for a period in excess of the permissible 90-day storage limit.
- 4) Bring our labeling and documentation procedures into immediate compliance with the requirements of 40 CFR Part 262.

I hope that these actions will serve to answer the concerns expressed by your office. If you have any further questions, please call me at (614) 275-1302.

Very truly yours,

Rodney J. Koenig, P.E.
Engineer of Tests

OF UNITS & CONTAINER TYPE	HM	EPA HAZ WASTE ID #	DESCRIPTION AND CLASSIFICATION (Proper Shipping Name, Class and Identification Number per 172.101, 172.202, 172.203)	UN # or NA #	EXEMPTION OR NO LABELS REQUIRED	FLASH POINT (IN °C) WHEN REQ'D	UNITS WT/VOL	TOTAL QUANTITY	RATE	CHARGES (For Carrier Use Only)
63 Drums		F002	spent trichloroethylene	1710			55 Gal Drums	63 Drums		

SPECIAL HANDLING INSTRUCTIONS

If an RQ commodity is spilled on a waterway or adjoining land, the incident must be promptly reported to the Federal government at 1-800-424-8802 (toll free) or 202-426-2675 (toll call). If other DOT Hazardous Materials are discharged creating a serious situation, call shipper's telephone number or Chemtrec 1-800-424-9300 immediately.

COMMENTS

On "Collect on Delivery" shipments, the letters "COD" must appear before consignee's name or as otherwise provided in Item 430, Sec. 1

Note—Where the rate is dependent on value, shippers are required to state specifically in writing the agreed or declared value of the property.
The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding.

*If the shipment moves between two ports by a carrier by water, the law requires that the bill of lading shall state whether it is "carrier's or shipper's weight."

Subject to Section 7 of the conditions, if this shipment is to be delivered to the consignee without recourse on the consignor, the consignor shall sign the following statement:

The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges.

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or

any of, said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment.

Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

CERTIFICATION

This is to certify that the above-named materials are properly classified, described, packaged, marked and labeled, and are in proper condition for transportation according to the applicable regulations of the Department of Transportation and the U.S. Environmental Protection Agency

This is to certify acceptance of the hazardous waste shipment.
